SEE URGES SUPPORT OF CAL BOWLES FOR STATE SENATE IN 13th DISTRICT

Reasons For Opposing Christian In Coming Election Listed by Republican's Boosters

By HARRY SEE, California Representative of the Brotherhood of Railroad Trainmen.

LIKE ALL other friends of Cal Bowles, I am urging all of my friends to support him for the State Senate to represent the Thirteenth Senatorial District, against Senator Christian, because we feel that he will come nearer representing the majority of the people in this district than has the present incumbent.

We are opposing Christian because of his attitude as expressed by his votes during the time he has served in the legislature and by the sort of legislation he has sponsored during the same period.

In making this statement the writer feels free to say that he has a personal interest in this matter, being now a resident of the districts adjoining almost continually since 1912.

The incumbent began his career as a "law maker" in the 1921 session of the Legislature and served in the Assembly during the 1921 and 1923 sessions. In 1924 he was elected to the Senate and served two sessions in that body.

During the 1921 session we find him voting against a bill to limit the fees to be charged by private employment agencies, and voting for two bills attacking he Workmen's Compensation Act.

Voted Against School Appropriation.

During the 1923 session we find him again voting against another bill to limit the fees of private employment agencies, a bill requiring that deputy peace officers be residents of the district for which they are appointed to serve in; a bill to prohibit blacklisting; two amendments to the Workmen's Compensation Act; a bill forbidding the payment of public officials to advocate or oppose measures on the ballot; and one requrinig publicity of election expenditures. During this same session he voted for a constitutional amendment to re-establish the Poll Tax and for the famous Bromley Spoils Bill which proposed that a governor might completely dictate the policy and procedure of every state board and officer. The bill provided that all officers appointed by the governor, excet those provided by the constitution, "should hold office at the pleasure of the Governor," regardless of the term for which they are now apointed by law. The author of this bill stated that it was intended to apply to the State Board of Education. He also voted for Assembly Bill No.

High School Opens With Several Changes; Five New Teachers

Washington Union High School opens its doors tday. All of the incoming Freshmen will register. The various teachers who are handling the registration will advise the "Frosh" about the three courses, which are (1) College Preparatory, (2) Commercial, and (3) Mechanical or Agricultural. ..Students should classify themselves, and then follow the course selected without deviation. The other classes will register tomorrow.

English "I" will be divided into thee classes, a b, and c. The periods will be shortened four minutes thus lengthening Activity Period twenty minutes. This year there will be sixty-minute periods. The last one is to be used for study, activities, and first squad athletic practices. There will be a teacher in charge of the study hall each period. School begins at the usual time, but the lunch hour will be from 11:40 to 12:30.

Business English which was not taught last year will be offered to the Juniors and Seniors. Vocal music and harmony will be offered to all boys and girls in two separate classes. Mr. Kimber will teach instrumental music the first three periods. This is a wonderful opportunity to receive a year of music and one unit towards graduation.

The faculty for this term is as follows: E. B. Hodges, principal; E. Marie Sandholdt, vice prinicpal; J. V. Goold, Grace C. Jackson, V. E. Solvason, Gertrude Douglas, D. F. Gatchel, R. S. Kinney, Laura Taylor, H. M. Kibby, W. D. Mette, Maria McMillan, Josephine Morris, Lorema Wright, Mrs. E. M. Wright, librarian; Mr. Kimbler, music; Lesda Sayles, art and vocal music; Lucile Newbert, history; Mr. Webb, science; Jess Regli, physical education and coach; Mr. Larson, algebra, geometery and occupations; and Lena Shinnick, school nurse.

P.G.&E. MAN TELLS LOCAL CHAMBER OE COMMERCE OF NEW LIGHT SYSTEM

Robinson Gives Resume of Street Lamps Since Origin In Paris

H. H. Robinson of the East Bay Division of the Pacific Gas and Electric company was principal speaker at the Chamber of Commerce luncheon this week. He is street lighting engineer in the Sales Department.

Robinson began his talk with a brief resumee of public street lighting. "The first knowledge we have of public lights was back in the days of Columbus," he said. "Medical students of Paris used to visit the graveyard after dark to gather specimens for their work. Whereupon the city placed a beacon over the graves to keep them from being pilfered." The next step was to burn lights throughout the streets but they proved too expensive for they burned out at about 11 o'clock.

Robinson brought his survey down to more modern times in explaining that the greatest changes were made about 15 years ago with the coming of heavy automobile traffic. He pointed out two purposes in this age for good street lights. They are: for public safety and convenience and to beautify the city or town.

There are some thirty 100-candle power lights maintained by the county in Niles, Robinson stated. The light is thrown downward by the plain reflectors. In the 250-candle power light, the prismatic reflector will distribute the light to brighten a much larger space.

Berkeley, Albany, and other east bay cities have all replaced their 100 candle power lights. In all the lights of Niles there is the same amount of brightness as is contained in one street lamp of Oakland.

The replacement of the lights here would be a great improvement both for convenience and beauty, believes Robinson. He concluded his talk with the estimate that if Niles were to convert all the 100 to 250-candle power lights and put ten or twelve 600 candle-power lamps on Front street it would cost only $75 a month more, than it costs the county to maintain the present system.

Calvert L. Bowles, candidate for senator in the thirteenth district, was introduced to the members by President Harvey Braun.

Publisher Register

THIS IS the last issue of The Township Register before the primary election, Tuesday, August 28. If you find the paper given over largely to politics this week, it is not inappropriate. A few words now will be worth an oration after the vote is counted. While this is an "off" year in California, there are, nevertheless, some grave issues to be settled by the electorate—issues involving the records of incumbent officials.

The judicial run-off between Deasy and Koford, is, of course, a non-partisan affair. The writer admits lack of knowledge as to the qualifications of the two entrants. The papers in this district have had little about either of the candidates, and what we have read in this regard has been fulsome flattery of both. Little has been presented of their qualifications; nothing of the lack of them. So we must let this primary battle pass by, trusting that which one of the legal luminaries wins, the state will be safe.

In the Senatorial contest in the Thirteenth district between Christian, the incumbent, and Bowles, who is challenging the record of the man from Hayward, a very grave matter awaits the will of the voters on August 28—grave because Christian's political record is an insult to the intelligence and the humanitarian impulses of the average man and woman of the district that he has so consistently betrayed. The Register would, indeed, be indifferent to its duty as a public medium of information if it remained quiet in the hour when this hardened, corporation ridden, heartless creature made his campaign for re-election, with no voice raised to question his political conduct so disgraceful in the annals of California politics. A little further on we shall be specific in our charges, and prove them by documentary evidence, which appears in other columns of The Township Register.

When we reach the battle ground of the First Supervisorial district we come in contact with a fight that is attracting by far the greatest interest in Washington Township, mainly because a local man is involved, and upon whose victory seems to rest a very definite material thing—the widening and eventual paving of the Niles Canyon road. There are other issues connected with this political sparring match between Richmond, incumbent, and Wells, Pleasanton ex-deputy county assessor, that come into very intimate relation with the district's advancement.

Richmond vs. Wells

Ralph V. Richmond, lives in Washington township. He is a local man, possessing an unimpeachable reputation, equipped with unusual administrative ability, and honest in big and little things. He is a local man, we repeat, but his vision is broad and reaches out with equitableness to every portion of the district. No rural community, however remote, and sparcely settled,

250 SUPPORTERS ATTEND RICHMOND MEET TUESDAY

Club Meeting Planned For Friday Night In Centerville

Approximately 250 enthusiastic supporters attended the Ralph Richmond Club meeting at Maple Hall in Irvington Tuesday night. The entire supervisorial district was represented.

Henry May, of Decoto, president, presided at the meeting and introduced the principal speaker, Charles Gale, of Pleasanton. Gale gave an impressive talk, pointing out the advantages of re-electing Ralph Richmond as supervisor of the first supervisorial district. He expressed a belief in his ability and honesty saying, "Richmond's record as supervisor for the past four years is the

Absent Minded Man Drives Into Marsh While Viewing Plane

Plane-gazing must be akin to star-gazing. At any rate, the latter form of absent-mindedness brought bad luck in the case of B. S. Stevens from Mendocino county.

While driving along Dumbarton highway, Stevens' gaze was lost in viewing the stunt-flying of an errant airplane.

It took two tow cars to pull Stevens' automobile out of the roadside marsh at which observation point he finally landed in his effort to better view the antics of the air pilot.

No one was injured.

SCHOOL TO OPEN

J. L. Bunker, supervisor of schools, has announced that the Niles Grammar school will open Monday. The Centerville Union High School will also open on that day.

Fire Threatens Box Factory; Quick Work Controls Flames

At 2 p. m. Monday the Niles Fire Department was called out to a fire at the Box Factory. Upon arriving there they found out that the conflagration was on the Marion King ranch. The large barn was already partially burned when they arrived. They couldn't save it as it had already gained too much headway, but they did rescue all the live stock that was in it at the time. They also kept an adjacent barn that was full of hay from burning.

The men who first saw the fire were Chas. T. Berndt, conductor; A. L. Russel, engineer; Wm. G. Kreitzer, and W. Wynacht, brakemen, who at the time were passing with a switch engine. They notified the owners and assisted in extinguishing the fire If the flames had not been checked so quickly it is possible that the fire might have spread to the box factory

FORESTERS' FLYING SQUADRON TO MEET HERE SATURDAY

Niles Will Organize Plans For Its Part In Coming Event

The last meeting of the Foresters flying squadron before their tour in preparation for the state-wide Foresters educational pageant to be held in San Franciso October 27, 28, and 29, will take place tonight at pageant headquarters in the Garfield Bldg., San Francisco.

Sam Barron, leader of the flying squadron, will describe the Foresters pageant and the ideals which it will exemplify, to his men who will be dispatched as speakers to the various Forester of America courts in seventy-four California cities.

The first contingent of the flying squadron will leave under the direction of grand chief ranger, Frank A. DePatta, business manager Charles H. Ellsworth, and flying squadron leader Barron on Saturday to attend a meeting at Niles, in Alameda County Saturday night, where the Niles court of Foresters will organize their part in the pageant in which six hundred Foresters and Companions of the Forest will take part.

Two Slight Accidents Reported at Centerville

Two accidents were reported in Centerville the first of this week. A touring car crashed into a light truck driven by T. Escobar, of San Jose, who suffered cuts about the head. The accident occurred at the intersection of the Centerville-Newark road.

A large car was also overturned at the intersection of the main road at Chadborn corner. No one was seriously injured.

COMMITTEE GIVES REPORT ON VISIT TO WALNUT CREEK

Mayor Anderson to Talk September 4 at Local Chamber Meet

A report was given at this week's meeting of the Chamber of Commerce by Dr. Charles H. Law and William Kirk on their visit to Walnut Creek where they took up the matter of incorporaion with several of the residents.

"The consensus of opinion," said Dr. Law, "is that if they had it to do over again, they would incorporate."

Eugene B. Anderson, mayor of Walnut Creek, has accepted an invitation to speak at the Chamber of Commerce luncheon a week from next Tuesday. According to Dr. Law, "Mayor Anderson is in favor of incorporation but he will tell its disadvantages as well as advantages." The size of the towns here are the same as those over there according to population.

Kirk gave the chamber members a comprehensive view of Walnut Creek taxes. "All business there is licensed," he said, "except real estate—and they just won't pay." The marshall and the clerk there receive a salary of $50 a month while the traffic officer is self-maintaining—he gets $10 a day on the average of thirteen days a month. The treasurer receives five per cent on the taxes.

BAG LOST

A black suitcase was lost Monday night between Mission San Jose and Niles. A reward has been offered if returned to Olivia Foster, Irvington, or Township Register.

BRAUN GOES TO PUBLICITY MEETING HELD IN OAKLAND

Harvey Braun, president of the local chamber of commerce attended a meeting of the Publicity committee and the joint group representing all of the Chambers of Commerce in the county Tuesday night in Oakland.

The meeting heard a review of the eastern situation from the advertising council, Atlee Hunt, who has just returned from making an extensive survey. The information gathered by Hunt will have an important effect on the policy to be pursped in this year's advertising campaign.

A progress report was also made at the meeting and all routine matters on file were disposed of at that time.

Word has been received from Mrs. O. M. Phelps, formerly of Niles, who is making her home in Seattle, Washington. She has secured a home through Mrs. Roland, also a former resident of this town, and is planning on opening a clubhouse for University men this fall.

is treated with indifference by Supervisor Richmond. Obligation weighs seriously on his official conduct, and it is indeed a splendid thing to see a public official really concerned over the welfare of his constituents, however humble their station may be, and with the same impartiality accord capital fair treatment.

The Township Register urges its readers to not only vote for Richmond but to get out and work for him in these, the closing days, of the campaign. His opponent is putting up a vigorous campaign, and nothing should be taken for granted. In politics there are strange bedfellows, and no election can be entirely certain. Over-confidence is almost as grave an error as lack of any confidence at all. Best to assume, in this instance that every vote is going to count—and then get out and get the votes.

The county charter seems to have been brought into the fray, but the issue is confusing to many. Of course, Mr. Wells could not change the charter, were he elected to the board of supervisors. There is an analogy between such an assumption, and the idea that the election of Smith to the presidency would repeal the Eighteenth Amendment. To repeal the charter, or to amend it, it is necessary that a three-fourth majority vote of the people must be registered to that effect at an election especially called to consider the matter. No one man can possibly affect the status of the charter of Alameda county.

We do not believe that Lee Wells has stated that he could, or even hoped to, abrogate the charter, if elected. Some of his supporters might have raised this issue. But Mr. Wells himself appears to the writer to be too intelligent to make such a ridiculous statement.

That part of the argument may, then, well be brushed aside devoid of merit dignifying a denial.

Richmond has made good. His record entitles him to re-election. His four years' experience will be beneficial in the future. He has the confidence and co-operation of other members of the board, an asset of inestimable value in securing appropriations for improvement work in this part of Alameda county.

A vote for Richmond is a vote for progress, for material advancement of the First Supervisorial district, a fitting testimonial and endorsement of a public record rarely paralleled on a board of supervisors in any California county.

Work and vote for Richmond!

THE STATE senator who has been misrepresenting the Thirteenth district for some little time, and whom the public knows as Mr. Christian, doubtless has a very poor opinion of the intelligence of the voters of Washington township if he believes that he will receive any considerable support in this district now that his record, for the first time, has been spread before the startled eyes of the good men and women whom he has so thoroughly disgraced in the state senate.

The Register has heard and is not surprised at all that he has changed his name once in the past, but does marvel that conduct so reprehensible in Sacramento, should not have moved him to alter it again. The name of Christian, in legislative politics, is synonymous with all that is cruel in legislation; on the side of corporate greed and oppressiveness the name has always aligned itself; the cry of little children laboring in factories to add to the dirty profit of men who worship the god, Dollars, fell upon unhearing ears when its wail of misery cried through the senatorial chambers at Sacramento, pleading for legal protection against the financial fiends that would use up little bodies to swell dividends. Of the three votes registered against the Child Labor Amendment to the Federal Constitution, Christian was one of these. And he "represented" us—we thru whose souls there surges at least a little of the Christ-like spirit, and the gentle religion under which we were raised. The odium of his conduct has been passed to us, his constituents. He has put us in the position of cold and heartless, mean and despicable, contemptible beings, with whip in hand driving little children, whom the Saviour spoke of as "of such as these is the Kingdom of heaven" in to serfdom, stunting their little bodies, and taking the sunshine out of their youth. Shame!

This is a grave matter, fellow voters. In a measure we can set this district right in the eyes of humanity by administering a crushing defeat to Christian.

He changed his name. Was it because he was ashamed of it and his fellow countrymen from whom he now pleads votes because of blood ties? Is he ashamed to be known as a Portuguese Amercan? Great Scott! America should be proud if from such an old civilizaion we had sprung. If he had the supreme effrontery to be ashamed, he might well be flattered if any nationality however low in the intelligence scale of civilized virtue would accept him as a fellow after his conduct in the senate of California.

It is time that all citizens, whatever race may have been their progenitors, rise and crush this man calling himself "Christian."

Hiram Johnson, the Statesman

BE ON your guard, progressive thinkers of California. Johnson has opposition, and powerful in the South where the king-pin of reactionary Republicans wields a tremendous influence among the Lords of Filmdom—the Mexican land baron and publisher of the Los Angeles Times, Harry Chandler.

NEWARK MAN KILLED ON R. R. CROSSING

Tony Guardanapo, a Newark dairyman, was fatally injured by a Southern Pacific train at the McCune road crossing, near Hall station, beyond Alvarado, on August 13. The accident happened about 8 o'clock.

Guardanapo was accustomed to crossing this railway, but was not expecting a train as the line was little used. It is familiar to motorists as one of the railways crossing Telegraph road, between Alvarado and Centerville.

His nephew, 5-year-old Joe Rocha, who was riding with him, sustained a broken arm.

The car was knocked to the side of the right-of-way and badly damaged. An inquest was held at the Pratt Mortuary where the Southern Pacific Company made an investigation.

Funeral services were held for the deceased, Thursday morning at the Centerville Holy Ghost church. Many friends were present to pay their respects.

Mr. Guardanapo was born 35 years ago in the Azore Islands. For the past 19 years he has lived in California and has attained comparative wealth and a reputation as a successful and prosperous agriculturist.

Following the impressive mass said by Father Souza, the funeral procession wended its way to the Holy Sepulchre cemetery, where burial took place. The church service was preceded by a service at the home near Machado's Corner.

He is survived by Mrs. Flora Guardanapo, whom he married three months ago; by his parents, Seraphine Guaradanapo and Mrs. Ana Guardanapo; a brother, Joseph; and sister, Mrs. Josephine Rocha.

Guests too, like automatic hot water service

One never knows when hot water is wanted in their home. And one never knows who wants it.

On the average, there is a demand for hot water 70 times a day in the usual family of four. And this demand starts in the early morning and continues until late at night.

How inconvenient it is to meet that demand with the ordinary water heater!

But a modern Automatic Gas Water Heater keeps hot water always ready for instant use. You merely turn the hot water faucet for a cupful or gallons of steaming water.

Why don't you, too, enjoy the comfort and convenience of a modern Automatic Gas Water Heater? It is the cheapest way to heat water in the home.

Christian's Record Exposed

Taken from "WHO'S WHO" compiled by A. R. HERON, Deputy Director of Education, covering 1923 session of the California Legislature

E. H. Christian, Assemblyman 34th District. Hayward, Alameda County; occupation, attorney; member of Assembly in 1921 and 1923; chairman of Assembly Committee on Public Utilities, 1923.

Voted AGAINST budget amendments restoring teachers college appropriations to the basis of 1921.

Voted AGAINST amendments providing buildings for San Francisco State Teachers College.

Voted AGAINST authorizing amendment, restoring California Polytechnic School appropriations to basis of 1921.

Voted AGAINST amendments restoring Deaf and Blind School appropriations to basis of 1921.

Voted AGAINST amendment providing additional money for buildings for School for the Blind.

Voted AGAINST budget amendment providing additional funds for free textbooks.

Voted FOR Bromley Spoils System Bill.

Voted FOR Dozier bill nullifying the Tenure Act.

Voted FOR Assembly Bill No. 1364 transferring half of Federal oil land leasing fund from Junior College and Elementary school fund to highway purposes.

During the 1923 session of Legislature, Senator Christian consistently voted for the Richardson program and refused to suport amendments to the famous "Governor Richardson-Nellie Pierce" budget that would have provided additional and very necessary funds for schools et cetera.

During the time this budget was under consideration in the Assembly Assemblyman Saylor, of Berkeley, introduced an amendment to increase the appropriation for the State School for the Blind children in Berkeley. On this amendment there were 6 roll calls and on each one he voted against the blind children.

Assemblyman Spence, of Oakland, also introduced an amendment to provide for new buildings for the State School for Blind on this amendment there were 2 roll calls and he voted against the blind on both occasions.

Assemblyman Morison, of San Francisco, introduced an amendment to increase the appropriation for the San Francisco State Teachers' College. On this amendment there were 6 roll calls and on each one he voted against the school.

Assemblyman Morrison also introduced an amendment to provide some new buildings for the San Francisco State Teachers' College on which there was one roll call and he voted against that amendment.

Assemblyman Wright, of San Jose, introduced an amendment for the San Jose State Teachers' college on which there were 4 roll calls and he voted against the schools on all 4 occasions.

Assemblyman Snyder, of Chico, introduced two amendments for the Chico State Teachers' College on which there were 2 roll calls and in both instances he voted against the school.

Assemblyman Stow, of Santa Barbara, introduced an amendment for the Santa Barbara State Teachers' College on which there were 3 roll calls and in each instance he voted against the school.

Assemblyman McDowell, of Fresno, introduced an amendment for the Fresno State Teachers' College on which there were 2 roll calls and he is recorded as voting against the school on both occasions.

Assemblyman Mueller, of San Diego, introduced two amendments for the San Diego State Teachers' College upon which there were 7 roll calls and in each instance he voted against the school.

Assemblyman McMillan, of San Luis Obispo, introduced an amendment for the San Luis Obispo State Polytechnic School on which there were 2 roll calls and in both instances he voted against the school.

Assemblyman Mille,r of Pasadena, introduced an amendment to provide a sufficient amount of funds to maintain the California Industrial Farm for Women on which there was one roll call and he is recorded as being absent.

Assemblyman Coombs, of Napa, introduced an amendment to provide sufficient funds for the Old Soldiers' Home in Napa County on which there were 2 roll calls and in both instances he voted against the Veterans.

Assemblyman Emme, of Los Angeles, introduced an amendment to increase the appropriation for the Southern Branch of the University of California and he voted against the University.

Assemblyman Spence, of Alameda County, introduced several amendments to the Budget, some of which are as follows: an increase in the apropriation for the support of orphan children; purchase of land for the California Redwood Park; necessary funds for the Highway Commission; providing funds for the investigation of the water resources of the State; providing funds for the Sacramento and San Joaquin Valley Drainage district; Los Angeles flood control; providing funds for the Veterans Welfare Board for purchase of farms and homes as provided under the Initiative Act of November, 7, 1922; providing funds for vocational rehabilitation; for free textbooks for orphans; for the support of the Extension Course at the University of California; and for the Veterans Industrial Institute; In this amendment which included all of the above items, he is recorded as voting against the amendment.

NEW SIGN ERECTED AT WASHINGTON UNION HIGH SCHOOL

A large sign in the form of a shield was placed on the High School building this week. The letters, "Washington Union High School," are in gold, and the background is weathered oak. This artistic sign was made by the high school industrial class under the supervision of H. M. Kibby. For the past four years the building has been without a name, but now it is well designated.

NEW MASONIC HOME TO BE COMPLETED

Road To Be Constructed According To C. L. Lowry

In eight or ten weeks the new Masonic Home will be completed. The building is composed of five stories, a basement, and sub-basement, which was constructed at a cost of $250,000 by Roscoe W. Littlefield, of Oakland.

The new wing coresponds with the other wing that was built several years ago. A large banquet hall will be constructed in the basement, and the sub-basement will be used as a store room. A solarium is built on the first floor. Another lounge room similar to the one in the other wing is the main feature of the second story. In each floor there will be a special diet kitchen. They are making all of the rooms as restfull and homelike as possible. An automatic electric control elevator will soon be installed.

The old central building is to be razed next spring and be replaced by a magnificent edifice, acording to C. L. Lowry, superintendent of construction.

The steam shovel will be at work by the first of the month cutting down the hill and widening the present road which will tunnel the new tower.

Bowles Sums Up Contemplated Course If Elected Senator

1.—An old age pension.

2.—A separate institution for women offenders.

3.—The formation of a legislative commission to function along the lines of the present Federal Trades Committee, one of the duties of which would be to investigate the dealings of the public utilities in politics.

Thus did Calvert L. Bowles sum up the measures for which he stands while visiting Niles this week. Bowles is a candidate for senator in the Thirteenth district.

"I have no backing from political machines or corporations," stated Bowles, "nor do I want it. I believe that a man should stand squarely on his record. I have a record of civic work of which I am proud." He went on to explain that as a member of the Oakland Chamber of Commerce he has served on many committees, which work he believes is educaional.

Bowles pointed out a few high lights in the career of his opponent whom he says has voted wrong 22 out of 27 times. "Among other measures he has voted consistently against your school system, against the eight-hour law for women, against the child labor law, aginst appropriation for the Old Soldiers Home at Yountville."

In concluding Bowles repeated, "I am not to be dominated by political machines."

best argument for his re-election."

Gale stated that more money has been spent for good roads in this district during the past three and a half years of Richmond's incumbency than was spent in ten previous years.

May also introduced Richmond who spoke briefly on the works he has been able to accomplish during the years of his service. He said that the prospects for his re-election looked favorable and that he intends to continue serving the best interests of the district if he is again in office.

Richmond has been notified by W. Spooner, secretary and business manager of the Central Labor Council of Alameda County, of the endorsement of that organization for his re-election. The message was received by letter.

Other speakers represented the entire Washington Township as well as Livermore, Dublin, Pleasanton, and Sunol. At the close of the meeting it was decided to hold a meeting of Richmond Club members at 8 o'clock Friday evening at Anderson hall in Centerville.

Misses Kathleen Pope, and Edna Destrella spent a week at Rio Nida on the Russian River.

Mrs. Mary Barmby, county librarian, of Oakland, was a visitor in Niles Monday.

Mrs. M. Dias, of Centerville, has been removed from the O'Connor hospital in San Jose to the home of Miss Frances Silva, nurse. Mrs. Dias is suffering from a fractured hip.

Bluebird Club Sets Date for Masquerade

After a two months' vacation, the Newark Bluebird Club once more resumed its activities when a meeting was held last week.

The date for the annual masquerade ball was set at that time for Saturday, October 29 at the Newark Pavilion. The committee for the affair will be appointed at a later meeting.

Nomination and election of officers was held as a part of the business meeting. Officers elected for the coming year are: President, Emily Reider; vice-president, Julia Ruschin; treasurer, Marie Dutra; recording secretary, Lida Francis.

E. B. Hodges and family returned Monday from a camping trip spent at Lake Tahoe and Yosemite.

LOCAL PLANT WILL CAN LAST PEACHES

Arnold Francken, employee of the California Nursery, will leave in September for Buenos Aires, Argentina, where he intends to settle down on his ranch near that city. It is rumored that a young senorita is awaiting Francken and that a wedding will follow his arrival.

534, "the Dozier bill" which eliminated all provisions in the law for the protection of teachers by a hearing for a dismissal as now provided; this would have been directly opposite to all modern develoments of Civil Service. He also voted to sustain Governor Richardson's veto of appropriations for the Railroad Commission and the Industrial Accident Commission. During this same session he voted against Budget Amendments restoring teachers colleges apropriations to the basis of 1921; against amendments providing buildings for the San Francisco State Teachers' College; against amendments for the Deaf and Blind Schools appropriation; against an amendment providing additional funds for free textbooks; against an amendment providing an appropriation for the Old Soldiers Home at Yountville.

Against Child Labor Amendment.

During the 1925 session he served in the Senate and was one of three Senators who voted against the ratification of the Child Labor Amendment to the Federal Constitution. This measure passed the Assembly by a vote of 58 to 18 and passed the Senate by a vote of 36 to 3, yet the incumbent saw fit to be one of the three in the Senate to vote against the ratification of this important constitutional amendment.

During the 1924 session he introduced Senate Bill No. 44 which had to do with independent candidates, such as his opponent was in 1924. In January 24 the Sacramento Bee had the following to say about this bill: "Christian is also author of a bill, regarded as the aftermath of the Alameda County election which would prohibit independent candidates from taking part in a final election unless they were registered as independents prior to the primary election preceding." He apparently believes that a good way to stop opposition would be to make a law against it.

"Needless to say his bill failed to get out of the Committee on Election.

Voted to Weaken Women's Eight Hour Law

"During the 1927 session there was an attack made on the Women's Eight Hour Law. Attempts were made to amend this bill so it would not harm the present law. He voted against these amendments and voted for the bill on its final roll call in its objectionable form.

"During the Richardson administration from 1923 to 1927 we found Mr. Christian in the Assembly and in the Senate consistently supporting the Richardson program and during the 1926 campaign, when it looked like the Richardson ship was sunk, he, according to the newspapers, switched to Goodcell and is apparently out of step with the present progressive administration.

"Mr. Bowles, who we are asking you to support, has lived in this district since 1914, is married and has his business in east Oakland and of a consequence is vitally interested in the district's welfare. He is an ex-service man and has the endorsement of service wen's organizations."

VACATION CHURCH SCHOOL EXHIBIT FRIDAY MORNING

Picnic Monday, August 27, At Moores Camp Grounds

Twenty-five pupils and teachers of the Niles Vacation Church School had a splendid picnic at Billy Moore's Grounds in Niles Canyon Monday afternoon. Those who took the children over and back in their cars were: A. A. Hatch, Rev. Siebart, Miss Sanford, and Jack Williamson. Swimming was enjoyed by all, before and after lunch. While the children were eating Miss Sanford told them a story.

During the second swim an exciting thing happened. Mae Martenstein and Barbara Ingram both would have drowned if it hadn't been for our heoric Milton Fournier.

All parents and friends are invited to come to the church Friday morning at 9 a. m. to hear the program and to see the exhibit of handiwork, sewing, and craftwork. Blue ribbons will be awarded to the best work in each division.

The pupils will publish a paper tomorrow according to the mayor of the school. She has appointed the following staff: Editor, Milton "No okey" Fournier; Assistant editor, Arnold Abrott; Jokes, Muriel Fournier and Frances Hepler; and news, May Martenstein.

MRS. ELLSWORTH PRESIDES OVER WELFARE MEETING

Mrs. E. A. Ellsworth presided over the meeting of the Southern Alameda County Childrens' Welfare Club at her home, Monday afternoon. Mrs. Frank Dusterberry, the president was absent. The organization has not yet been able to secure a home that they could use for their purposes, and until they do find one they will not be able to do much. A report of the board meeting, which appeared in last week's Register, was read.

The sixteen who were present were: Mesdames A. A. Hatch, W. H. Ford, Wm. Eberly, George Coit, W. L. McWhirten, H. R. Hatch, F. V. Jones, Edw. Chadbourne, Geo. Lowrie, Rogers Hatch, J. E. Thane, Geo. Emerson, E A. Ellsworth and daughter, Mrs. M. B. Sneeden was the guest of honor.

The next meeting will be on September 6 at 10 a. m. in the Niles Library. All members from all the towns are requested to be present.

Plans are under way for the Country Club annual luncheon to be held on September 11 at the Centervile Clubhouse. Mrs. W. Wyatt, of Newark, is in charge of the affair.

Wilson Resigns As Secretary of Chamber Of Commerce Here

The resignation of Ray K. Wilson as secretary of the Chamber of Commerce was brought before the meeting Tuesday.

The letter from Selma in which Wilson tendered his resignation and which was read to the members is as follows:

"To the Board of Directors,
Niles Chamber of Commerce:

"Owing to the fact that it is impossible for me to reside in Niles on account of ill health, I am tendering my resignation as secretary of your organization, also as Scout Master of the Boy Scout Troop.

"I wish to thank the directors for all favors extended me and the cooperation we have had.

"I have enjoyed the work very much and regret having to leave Niles.

"Wishing your organization success in all undertakings. I am,

Yours truly

Mr. and Mrs. Norman H. Parks enjoyed a week-end visit from their niece, Mrs. Herbert Wilson and Mr. Wilson. The Wilsons left their home in Fresno Saturday and motored back Sunday night. Miss Pharlee Parker, also a niece, and sister of Mrs. Wilson, who is a student in Oakland, joined the party here over Sunday. The occasion was the birthday of Mr. Wilson and was celebrated appropriately by the family gathering.

Oil Wells To Be Dug Near Livermore

Oil has been secured in a well 1200 feet below the surface on the Livermore side of the Coast Range. A steam rotary rig will soon be on the ground to start an 18-inch bore. Inside this casing a smaller casing will be placed and the space around filled with concrete. It is expected that certain dry holes will be bored deeper to find new taps of oil.

Tracy is tremendously interested in the outcome of the experiment, for if oil is found in paying quantities on the Livermore side of the hills it is certain that work will begin on the east side.

Traveling With Cob

We are now ready to start on our tour of Washington township. (We in this instance consists of the writer and his pair of dogs).

First of all we must tell you that we are soliciting for the Township Register.

The first person we meet on Tenth street, Decoto, is Henry May who starts the ball rolling by taking advantage of the two years' offer, which proves that he has an eye for economy and is therefore an economical trustee for the Decoto Grammar school.

Now we are going to hike up to the Masonic Home. After climbing the hill via Lovers' Lane and passing through a beautiful garden, we arrive at our destination. Mr. Hartman, the superintendent, not only pays up, but compliments the paper on its improvement, both editorially and from a news standpoint. At the last cottage we meet the head gardener, W. R. Beveridge, who subscribes for the paper.

We now go to Niles in a Ford. Mr. Hiser, shoe repairer and merchant, and Mrs. Costa of the Home Restaurant, both subscribe. Those who renew for one year are: American Garage, Robert Blacow, Boitano Restaurant, Mrs. M. Barnard, J. L. Bunker, California Nursery, Florence Restaurant, Donald Yslas, Wesley Hotel, Schuckl and Co., Mrs. Jack Iliver, F. C. Nunes. Two of these wisely take advantage of the two-year offer; they are Lester Duffey of the California Brick Company, and Herb Dominici. Mrs. C. Klinkle and Mrs. J. F. Schwartz both renew for a half year.

Before we leave for Alvarado, Frank Thomas of the Decoto Roofing Tile Company subscribes for one year. The circulation of the Township Register is increasing day by day. In Alvarado we first visit their laundry.

We now enter the new Bank of Alameda County and receive our money from August May. A. S. Mello, owner of the recretational Rooms, pays us for two years thus saving a dollar. We now enter the spacious grounds of F. H. Wiegman. The owner of this picturesque home does the same as Mr. Mello. We left for home in a "Henry" at noon.

Tuesday morning we travel to Centerville in a Chevrolet. The Centerville Lumber Company is another new subscriber on our list. Others who renew for a year are Carrie Emeson, Excelsior Bakery, and Judge Allen Norris. Mrs. Mary Mathieson renews for two years.

Mrs. Marian Foot, Niles R. F. D., finishes the list with a year's renewal. We have totaled up the list and found we have 34 names of people or companies who either subscribed or renewed their subscriptions on our week's tour of Centerville, Alvarado and Niles. Irvington and Newark are yet to be visited.

On our tour we received compliments, hostile and cordial greetings, but it's all in the game and we enjoy it.

More will appear in another issue of this paper.

Au Revoir,
COB.

SPRING VALLEY URGED AS GAME REFUGE

SPORTSMEN DISCUSS PROBLEMS AT MEETING HERE LAST WEEK

Eighty members of the Associated Sportsmen of California held a district convention in the Odd Fellows Hall here last Thursday. Alameda, San Meteo, Contra Costa, and San Francisco counties were represented.

It was decided at this meeting that the four counties should be formed into district number 7 of the Sportsmen's association.

Among the problems discussed were additional legislation for striped bass in the San Francisco bay and Delta regions; the establishment of upland bird sanctuaries and distribution of pheasants; and the discussion of methods of planting and distributing trout in the streams of central California with a view to developing this attraction. This was once of great economic value but has practically disappeared in recent years.

The sportsmen are urging that the Spring Valley properties, which will soon become the properties of the city of San Francisco, be made into state game refuges and administered under state control as breeding grounds for wild game life. Interest has already been shown in their proposal that the Spring Valley Lakes be opened to angling under proper administrative regulations to prevent possibility of pollution.

Misses Ella and Katherine Sullivan are visiting their sister in San Diego for two weeks.

STORYTELLER FROM BERKELEY AMUSES LOCAL YOUNGSTERS

Mrs. Constance Mitchell, a professional story teller, from Berkeley, conducted the children's hour at the Niles Library Monday afternoon. The stories that she told were: "White Swan" from Pyle's "Wonder Clock," "Chi Wee and the Rabbit" from Mon's "Chi Wee," and "How the Lord Mayor Carved the Goose" from Retner's "That That."

About twenty children were present to hear these fascinating stories which were so well told by Mrs. Mitchell.

Notice to Voters

A Supervisor Is the Paid Servant of the People

—and I am seeking that position that I may serve you. It is the people who make the demands for improvement and also put up the money to carry them through and the Supervisor should faithfully fulfill these wishes.

Having worked in the capacity of assessor and tax collector of Alameda Co. I am in a position to know how and where your money comes and goes. If elected I will concientiously spend your money where you wish to have it spent.

I have absolutely made no promises for any position as that also should be considered by the people.

As to public comments on my doing away with the Charter, it has been well answered through this paper, "The only way the charter can be thrown overboard is thru the vote of the people and not by the actions of any one supervisor." There are changes in the charter I would advise, and if the people wish it, I shall be pleased to make these changes.

RELIEF FROM CURSE OF CONSTIPATION

A Battle Creek physician says, "Constipation is responsible for more misery than any other cause."
But immediate relief has been found. A tablet called Rexall Orderlies has been discovered. This tablet attracts water from the system into the lazy, dry, evacuating bowel called the colon. The water loosens the dry food waste and causes a gentle, thorough, natural movement without forming a habit or ever increasing the dose.
Stop suffering from constipation. Chew a Rexall Orderlie at night. Next day bright. Get 24 for 25c today at the nearest Rexall Drug Store.

TOYAN BRANCH WILL LUNCH AT HOSPITAL BUILDING

Local Baby Hospital Group Has Opening Luncheon On Sept. 10.

The first meeting of the season for Toyan Branch of the Baby Hospital of Alameda county will be held at the Baby Hospital building in Oakland on Monday, September 10, at 12:30 o'clock. Luncheon will be served by the Hospital at a nominal fee. Reservations should be made as soon as possible by telephoning the chairman, Mrs. James R. Whipple.

It has been the custom to have the first meeting of the fall for the Toyan Branch of the Baby Hospital in the form of a luncheon, picnic or indoors. Due to the fact that many of the members of Toyan Branch have not visited the new headquarters of the Baby Hospital, the above annouced plan was decided upon.

"RAMONA" COMING TO LOCAL THEATRE

Dolores Del Rio's dancing is a highlight of her newest starring photoplay, "Ramona," which is coming Sunday and Monday to the New Niles Theatre.

Before she entered the movies two years ago, Miss Del Rio was known in Mexico City as a brilliant interpreter of Spanish and Mexican steps. She was always an ace attraction at elite social gatherings in the Mexican capitol.

"Ramona" was produced by Inspiration Pictures, and Edwin Carewe for United Artists, under the personal direction of Carewe. Warner Baxter and Roland Drew have the leading male roles insupport of the star.

One of the most gripping and enthralling pictures of the season is "The Bugle Call," Jackie Coogan's new starring vehicle, which will show tonight at the local theatre. It is young Coogan's first nearly grown-up role, and is perhaps best described as a poignant human-interest story of the days just before the Civil War.

"The Devil's Skipper" will be the feature picture attraction coming Saturday.

The New Niles Theatre will offer a special program on Tuesday. Election returns will be announced. The feature picture will be Bob Steele in "Trail of Courage."

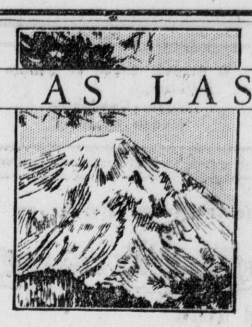
Mt. Eden Family Grows Prize Roses

John Smith, of Rose Acres in Mt. Eden, has been the winner of a number of trophies at recent rose shows. The family has for a long time raised some of America's choicest roses.

Smith is one of the country's veteran rose growers, having been around the world, and having tried rose growing in Ceylon, South Africa and other interesting far-off places. According to Smith no climate can excel the bay district for raising flowers.

Smith does no local marketing. The output goes in carloads from Mt. Eden to eastern centers where the California blossoms are displayed during snowtime.

ENDURING AS LASSEN PEAK



Refined for modern, high-speed motors. It has "*endurance beyond belief*"

Stability The new Cycol will stand the hardest kind of usage. It is refined to meet the severer conditions of heat and pressure developed by the modern high compression engines, assuring you an unbroken oil film where heat, pressure and friction are greatest.

No Acids The new Cycol refining process eliminates the use of acids, though most refiners use them. While acids clear the "crude oil" they chemically change its structure and composition, thus seriously cutting its lubricating value.

Such oils break down under engine temperatures. They distill off and escape as vapor through the breather exhaust.

The new refining process of Cycol selects from the "crude" those elements of greatest lubricating value and stability in performance, rejecting those elements which readily break down under engine heat and cause excessive carbon deposits.

So Cycol gives a protective oil film on cylinder walls and moving parts, not vapor at the breather pipe.

Less Carbon As to carbon, Cycol like all oils deposits some carbon. But it deposits less carbon than any other oil. The most exhaustive tests have proven that statement.

Even more important, the carbon that is deposited by Cycol is soft and easily removable. It is not hard or sticky and cannot scratch a cylinder.

Prove it yourself Cycol gives you the finest results you have ever known—more perfect lubrication, "endurance beyond belief" and the elimination of carbon troubles.

So fill your crank case with Cycol. You can identify it by the new transparent green-gold color. Sold wherever the Associated Gasoline and Cycol Motor Oil signs are shown. ASSOCIATED OIL COMPANY, *Refiners of*

Did You Ever Stop to Think?

By
EDSON R. WAITE
Shawnee, Oklahoma.

C. C. MAES, GENERAL MANAGER OF THE HOUSTON (TEXAS) POST-DISPATCH, Says:

THAT any sensible person realizes the value of community co-operation. And there can be no community co-operation in a business way unless each business man is willing to help others along.

The manufacturer or merchant who complains that people in his own district are not patronizing him enough often has only himself to blame. Before the public patronizes a home product heavily it must have that product called repeatedly to its attention.

The way to bring about greater home consumption is to advertise. The buy-at-home movement rests on a sound economic foundation and where it is promoted through regular and systematic newspaper advertising it nearly always succeeds.

Buyers as a rule are unwilling to pay much of a premium on goods merely in order to buy them from a home manufacturer or merchant. But the price of the home product being fairly well in line with that of outside competitors, the people will patronize home industry if the latter engages their attention.

The home manufacturer or merchant takes an unsound view in believing that the people should and will patronize him from sentimental motives, without the stimulas of advertising. His outside competitor does not cherish any such fond belief but on the contrary uses newspaper space consistently.

The Home Manufacturer or Merchant Who Offers a Worthy Product and Keeps it Before the People Through the Medium of Advertisements Has a Big Advantage Over His Outside Competitors. He Has If He Will Only Make The Most Of It.
